SPIRITUAL L.I.F.E.

As you think about what you are going to do in 2022, consider the following questions for application this month, from each sermon text below. Journal or chat with a friend about what God is saying to you and invite them to participate as well, as we try to be our best selves in God to become a hearer and doer of God's word. #LIFEtools

July 3, 2022 - Text: Galatians 5: 1-10, Title: "Nonconformist"

Do not conform but be transformed because Christ has set you free, the law separates us from Christ, and sends you backward.

- Therefore, this week consider where you might need to be freed from laws (traditions) that no longer serve your best interest?
- What steps can you take towards your freedom in Christ?

July 10, 2022 - Text: 1 Corinthians 9:24-27, Title: "In It to Win It"

- How are you running with distinction-are you all in?
- Are you aligned with a vision or mission?
- What training methods are you employing for your own personal growth?

July 17, 2022 - Text: 2 Chronicles 34:19-28, Title: "Listen to the Women"

God is consistent in God's nature, and the creator will allow us to see a glimpse of what we need when we need it!

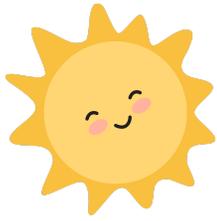

- Therefore what confirmation, validation, and affirmation are you seeking from God in this season?

July 24, 2022 - Text: Exodus 1:15-22, Title: "Living Authentically"

Living authentically starts within. It is being consistent in our faith and in what we believe about God.

- How will you unearth the Truth, God's Word, for spiritual growth and liberation?
- Where, when, and how will you create safe spaces for dialogue and trust-building?
- How do you anticipate authentic living affecting you and others?

HEALTH L.I.F.E.

AUGUST IS NATIONAL
EYE EXAM
MONTH

This August, observe National Eye Exam Month by learning about ways to keep your vision clear and healthy. Deteriorating vision can be an early indicator of other health issues. Getting vision exams on a regular schedule helps doctors to identify issues in their early stages.

Ophthalmologists recommend periodic eye exams every 2-4 years from the ages of 40 to 65, and every 1-2 years after the age of 65.

Eye exams for children are very important to ensure your child's eyes are healthy and have no vision problems that could interfere with school performance and potentially affect your child's safety.

Children should have their first comprehensive eye exam at 6 months of age. They then should have their eyes examined at age 3 and just before they enter the first grade — at about age 5 or 6.

School-aged children should have an eye exam at least every two years if no vision correction is required. Children who need eyeglasses or contact lenses should be examined annually or as recommended by your eye doctor.

If you are experiencing symptoms, be sure to make an appointment as soon as possible. For more information visit www.cdc.gov. Use #NationalVisionExamMonth to share on social media.
